STUDY ABROAD...

**Explore Your
World of
Opportunities**

PREFACE

Students nowadays are fascinated with the idea of experiencing all that life outside of the county has to offer. Whether it is learning about the art forms in Carnegie or the chemistry of perfume in Paris or becoming a scientist of great repute in Oxford. What can be better than living your dream, and simultaneously improving your future? Needless to say, studying abroad has many advantages to it. It helps in broadening one's horizons in many ways and possibilities. It aids students in discovering many facets of their personality, helps in catering to their growing intellectual and professional needs, and allows them to meet with people sharing similar goals and ambitions in life. Whether it is just for a semester, or for an entire program, it looks good on the resume and gives one a much-needed edge over others. Besides, it is life-changing!

Variety is the spice of life. The vastness of experiences studying abroad brings with it, helps in a radical transformation of one's personality. Studying abroad does not mean you just *study* in a different place. You travel, discover new lands, try new cuisines, live and appreciate life! Exposure to different types of people hailing from all walks of life, not only helps in improving upon one's people's skills- you learn to communicate and understand, and be appreciative of differences in people, but is also a great way of gaining an in-depth understanding of different cultures and ethnicities. Education becomes more meaningful in its entirety when you get to experience, first-hand, the things you studied in classrooms and read about in books. These experiences render one a more learned, aware and a sensitized person at the end of the day.

Let us discover high quality of research-oriented curriculum, excellent global academic ranking, visionary faculty and the best of infrastructure, offering us immense opportunities. Self-reliance, adaptability and resilience are important life-lessons learned, amongst many others, as one fends for himself in an alien environment. The scope is unlimited, but so are the challenges. Condensing life to the minimum essentials, and being ever ready for unforeseen situations, become part and parcel of existence. Spontaneity and adventurism automatically become

qualities you model your life around. Your perspective changes, as do your expectations from life.

You come out of the entire experience a changed, better-informed and more confident version of yourself. The recruiters know what they are hiring you for- they are aware of your ability to take on a challenge, handle change, and think 'outside the box'. Studying abroad, thus, is definitely a stepping stone to steering your future in the direction you so desire, and more importantly, deserve. I feel immense pleasure and a great honour in presenting to you the brochure that will help you choose the university and course of your aspirations. We have tried to give you all possible information that you would need to identify the great place you want to be in, after days and weeks of brainstorming. This has become possible with the vision of our Chairman of the Salwan Education Trust Mr. Sushil Dutt Salwan who initiated this project very thoughtfully. My colleagues at SET schools got their teams mobilised to work and research for this brochure. My team members Dr Preeti Jain and Ms Poonam Sharma burnt their midnight oil, literally, to present it for you.

So, my dear students, envision yourself to be the best and brightest, true to your vision. Embrace your chance at possibilities!

Best wishes

Seema Malik

University of Calgary

The University of Calgary is a public research university located in Calgary, Alberta, Canada. The University of Calgary started in 1944 as the Calgary branch of the University of Alberta, founded in 1908, prior to being instituted into a separate, autonomous university in 1966. It is composed of 14 departments and over 85 research institutes and centres. The main campus is located in the northwest quadrant of the city near the Bow River and a smaller south campus is located in the city centre. The main campus houses most of the research facilities and works with provincial and federal research and regulatory agencies, several of which are housed next to the campus such as the Geological Survey of Canada.

Sorbonne University

Sorbonne University is a public university in Paris, France, which was officially established in 2018 following the merger of Paris-Sorbonne University and Pierre and Marie Curie University. However, the institution can trace its history back to the 13th century and the University of Paris, which had a Collège de Sorbonne which was founded in 1257 by Robert de Sorbon. The university's central campus is located in Paris's Latin Quarter, on property inherited from the former University of Paris. Sorbonne University is comprised of three faculties: arts and humanities; science and engineering; and medicine. In 2008, Paris-Sorbonne University Abu Dhabi was established in the United Arab Emirates, which teaches a range of qualifications in the French language.

University of Burgundy

Situated in the picturesque city of Dijon in eastern France, the University of Burgundy has a centuries-old historical and cultural heritage. The university traces back its origins to the foundation of the Dijon faculty of law in 1722, under King Louis XV, with the faculties of Science, Arts and Medicine being established between 1805 and 1809. Since then, the University of Burgundy has grown to six campuses: the main one, Dijon, just 10 minutes from the city centre; Le Creusot, an hour away; Nevers, west of Burgundy; Auxerre, north of Burgundy; Chalon-sur-Saone, further south; and finally, Mâcon, under an hour away from Lyon.

University College Cork (UCC)

UCC was established in 1845 as one of three Queen's Colleges - at Cork, Galway and Belfast. These new colleges were established in the reign of Queen Victoria, and named after her. UCC is unrivalled in the quality of its academic programmes. Its courses are internationally recognised. The university offers a research-led curriculum that attracts the highest calibre of Irish and international students. The UCC campus is one of the most beautiful in Europe - an idyllic campus on the banks of the river Lee, within walking distance of a historic city steeped in culture and tradition. Old limestone buildings blend seamlessly with stunning modern architecture against a backdrop of mature gardens.

NETHERLANDS

Delft University of Technology

The Delft University of Technology often referred to as TU Delft, is the oldest and largest technical university in the Netherlands. It was established as a Royal Academy in 1842 to facilitate the education of civil engineers. It is the school that rapidly expanded its education curriculum and became a polytechnic school in 1864. Home to approximately 16,000 students, with a large community of international students, the university is organized across eight faculties and offers 14 undergraduate courses and over 30 postgraduate ones in design, engineering and science. Whilst all Masters' degrees are taught in English, most undergraduate-level courses are taught in Dutch.

A detailed map of Singapore and its surrounding regions, including parts of Malaysia to the north and the Indonesian island of Sumatra to the south. The map shows major roads, waterways, and various districts. A large, bold red text 'SINGAPORE' is overlaid in the center. At the bottom of the image, there is a black silhouette of a city skyline with several skyscrapers and a palm tree on the right side. The word 'SINGAPORE' is also printed in a smaller font on the map's coastline.

SINGAPORE

Nanyang Technological University

The Nanyang Technological University, Singapore (NTU) is the second oldest public autonomous research university in Singapore. University of Geneva

The University of Geneva is a public research university located in Geneva, Switzerland. It was founded in 1559 by John Calvin as a theological seminary. It remained focused on theology until the 17th century, when it became a center for Enlightenment scholarship. In 1873, it dropped its religious affiliations and became officially secular. Today, the university is the third largest university in Switzerland by number of students. In 2009, the University of Geneva celebrated the 450th anniversary of its founding. Almost 40% of the students come from foreign countries.

The University of Edinburgh

Established in 1582, the University of Edinburgh is known to be the sixth oldest university in Scotland. It is an open institution. The university offers various subjects that are divided into three colleges which give students opportunities to choose amongst the courses as per their interest. The categories are Humanities, Arts and Social Sciences, Medicine and Veterinary Medicine, and the College of Science and Engineering. The University of Edinburgh is notably a member of Russell Group, Coimbra Group, as well as LER Universities. Students get great opportunities to work with professionals and gain practical knowledge about the field. They are also taken for industrial visits along with the faculty members. In addition, the library at the university is known to be the largest library in Scotland.

Eligibility & Entry Requirement	<p>Academic score requirements</p> <p><u>Foundation Pathways</u></p> <ul style="list-style-type: none"> • Holders of the Standard XII Higher Secondary Certificate with an average score of 65% from for ICSE, CBSE, West Bengal State Board will be considered for entry to Birmingham Foundation Academy. 70% overall required for all other state boards. • If students wish to apply for the Engineering and Physical Sciences pathway, students need to have at least 65% in mathematics from ICSE, CBSE, West Bengal State Boards. • To apply for a Biology based degree, students will need to have at least 65% in Biology from ICSE, CBSE, West Bengal State Boards. <p><u>Undergraduate Degree</u></p> <p>Holders of the Indian Standard XII will be considered for entry to the</p>

first year of our undergraduate degree programmes.

- A*AA = 90% ISC, CBSE, Maharashtra or 85% West Bengal or 95% Other State boards
- AAA = 85% ISC, CBSE, Maharashtra or 80% West Bengal or 90% Other State boards
- AAB = 80% ISC, CBSE, Maharashtra or 75% West Bengal or 85% Other State boards
- ABB/BBB = 75% ISC, CBSE, Maharashtra and West Bengal or 80% Other State Boards

Where a programme requires a specific A'level subject grade please refer to the guidance below for Indian Standard XII equivalent.

- A* = 90% ISC, CBSE, Maharashtra or 85% West Bengal or 95% Other State Boards
- A = 85% ISC, CBSE, Maharashtra or 80% West Bengal or 90% Other State Boards
- B = 80% ISC, CBSE, Maharashtra and 75% West Bengal or 85% Other State Boards

For Medicine: (ISC, CBSE, Maharashtra Boards):

- Standard XII: Overall score 85%, including Biology and Chemistry with 85% in one of these (minimum requirements). Standard X: 85% in Biology, Chemistry, English and Mathematics (minimum requirements)
- University Clinical Aptitude Test (UCAT) in the year of application
- Have excellent written and spoken English. The university's standard English requirements are minimum standards, which may be raised through competition:
 - IELTS - 7.0 overall with no less than 7.0 in any band
 - TOEFL - 95 overall with no less than 23 in any band
 - Pearson Test of English (PTE) - PTE 67 in all four skills
 - Cambridge English - Proficiency Minimum overall score of 185, with no less than 185 in any component

For Dentistry:

- Number of A levels required:3
- Typical offer:AAA
- Required subjects and grades: A levels must include Chemistry and Biology. These must be obtained in one sitting, in the same exam period of the same year. Human Biology may be offered, but not in addition to Biology. GCSE A*/8 in Biology and Chemistry and A/7 in Mathematics and English Language or Literature. The student must also sit the UCAT.

English Language Requirement:

- The University will accept a certain level of English language, either through an English test such as IELTS,

	<p>TOEFL or PTE, or your previous or alternative qualifications as evidence.</p> <ul style="list-style-type: none"> • Applicants with appropriate grades in Standard XII English (English Core/English Elective/Functional English in CBSE) do not require additional SELT qualifications.
Finances	<p>First year Tuition fees INR 18 L to 42 L Approx. (varies from course to course)</p> <p>Other expenses first year INR 14 L Approx.</p>

Harvard University

Dating back to 1636, Harvard University is the oldest university in the US and is regarded as one of the most prestigious in the world. It was named after its first benefactor, John Harvard, who left his library and half his estate to the institution when he died in 1638. The private Ivy League institution has connections to more than 45 Nobel laureates, over 30 heads of state and 48 Pulitzer prizewinners. It has more than 323,000 living alumni, including over 271,000 in the US and nearly 52,000 in 201 other countries. Thirteen US presidents have honorary degrees from the institution; the most recent of these was awarded to John F. Kennedy in 1956.

Yale University

Yale University is a private Ivy League research university which is the third-oldest higher education institution in the US. Yale traces its history back to 1701, when it was founded as the Collegiate School in Saybrook, Connecticut, which moved to New Haven 15 years later. In 1718 it was renamed Yale College, in honour of Welsh benefactor Elihu Yale, and it was the first university in the US to award a PhD, in 1861. Yale's central campus covers 260 acres of New Haven, and includes buildings dating back to the mid-18th century. The University has graduated many notable alumni consisting of 61 Nobel laureates, 78 MacArthur Fellows, 247 Rhodes Scholars and 119 Marshall Scholars, 5 Fields Medalists and 3 Turing award winners. In addition, five U.S. Presidents, including George W. Bush, Bill Clinton, George H.W. Bush, William Howard Taft and Gerald Ford, 19 U.S. Supreme Court Justices and a number of billionaires have been affiliated with Yale University.

Stanford University

Stanford University, established in 1885 by California senator Leland Stanford and his wife, Jane, to promote public welfare. Since its origination, Stanford has been an area for learning, discovery, and innovation for all scholars. From the beginning, Stanford has valued experiential education. Stanford counts 19 Nobel laureates within its community today and numerous famous alumni associated with the university from the worlds of art, social sciences, business, politics, humanities, media, sports and technology. The first president of the US, Herbert Hoover, was part of the first class at Stanford, and received a degree in geology in 1895. The alumni include 17 astronauts, 18 Turing Award recipients and two Fields Medalists.

State University of New York

The State University of New York Albany, commonly known as UAlbany or SUNY Albany, is a university with a history dating back to the mid-19th century. Originally a school, in 1914, it became the New York State College for Teachers, providing training within the context of a liberal arts curriculum. During New York State's higher education expansion in 1962, it became one of the state's four university centres. Albany is located in the small city of the same name, the state's capital, under 150 miles north of New York City, home to a wide range of architecture, including a variety of churches, temples, and mountain views.

Carnegie Mellon University

Carnegie Mellon University is a private and global research university in the city of Pittsburgh, Pennsylvania. Andrew Carnegie founded the university as Carnegie Technical Schools in 1900 and it became Carnegie Institute of Technology granting four-year degrees in the year 1912. It was united in the year 1967 with the Mellon Institute of Industrial Research to establish Carnegie Mellon University. Its motto is 'My heart is in the work'. MU boasts many student traditions with a distinctly Scottish flavour that owe their heritage to its Scottish-American founder, Andrew Carnegie. They include celebratory bagpipe playing on campus and the kilt-wearing student marching band known as the 'Band Without Pants.' The university has been home to a total of 19 Nobel Laureates and is the recipient of a vast array of other prestigious awards.

University of Illinois

The University of Illinois at Urbana–Champaign, founded in 1867, is the flagship campus of the University of Illinois. It is the second oldest public university in the state of Illinois, after Illinois State University, and is made up of 17 colleges offering about 150 different study courses. The institution is spread out over some 647-building set on a 4,500-acre campus. The University of Illinois at Urbana-Champaign has the third largest university library in the United States and one of the largest public libraries in the world. It has 13 million volumes in its 37-unit libraries. The university has 29 alumni as well as faculty members, who have won a Pulitzer Prize. Out of the alumni, faculty, and researchers, there are 11 Nobel laureates, and another 18 have won Pulitzer Prizes.
